Publications:

1. **N. Eassa,** E. Coetsee, H. C. Swart and J. R. Botha "Photoluminescence of chemically treated InAs (111)A" Proc. SPIE 9257,925703,Vol 9257, pp 92503-1, 2014.

2. **N. Eassa,** R. Betzb, E. CoetseeH.C. Swartc, Venter and Botha" Surface modification of InAs (111)A etched in bromine-methanol" Current Applied Physics 13, pp 366-370, 2013.

3. D. M. Murape, **N. Eassa**, J.H. Neethling, R. Betz, E. Coetsee, H.C. Swart, J.R. Botha and A. Venter, "Treatment for GaSb surfaces using a sulphur blended (NH4)2S/(NH4)2SO4 solution" 258,pp 6753–6758, 2012.

4. **N. Eassa**, D. M. Murape, J.H. Neethling, R. Betz A. Venter and J.R. Botha "Surface morphology InAs and electronic structure of halogen etched InAs (111)", Physica B, 407, pp 1591-1594, 2012.

5. D. M. Murape, **N. Eassa,** C. Nyamhere, J.H. Neethling, R. Betz, E. Coetsee, H.C. Swart, J.R. Botha and A. Venter" Improved GaSb surface using [(NH4)2S / (NH4)2SO4] solution" Physica B: Condensed Matter 407, pp 1675-1678, 2012.

6. **N. Eassa,** D. M. Murape , R. Betzb, E. CoetseeH.C. Swartc, Venter and Botha" Chalcogen based treatment of InAs with [(NH4)2S / (NH4)2SO4]",605, pp 994–999,2011

7. Abdalla G. Bakheet and **N. Eassa**, "Optical Properties of Pure Water and the Use of High Voltage in Eliminating Escherichia Coli Bacteria" accepted conference paper, First International Conference in Engineering and Applied Sciences (ICEAS 2017), 2017

8. Bakri. O. Ahmed, G. Al Bedry, Y. Ibrahim, **N. Eassa**. "Preparation of High Quality TiO2 Nanoparticles using TiCl4", accepted conference paper, First International Conference in Engineering and Applied Sciences (ICEAS 2017), 2017

9. G. ALbedry , B. Ebrhim , A. S.M. Idrees, **N. Eassa**. "Water disinfection by solar radiation and enhancement of Solar Radiation effect using ZnO nanoparticles", accepted conference paper, First International Conference in Engineering and Applied Sciences (ICEAS 2017), 2017
