

## TECHNICAL PRESENTATIONS BY SABIC TECHNOLOGY CENTER TEAM

A Seminar was presented on November 28, 2017 during Period 3 starting at 9:00 AM in MPH of JUC by a team of professionals from Sabic Technology Centre – Jubail Industrial City (STC team),. The SABIC technical team consists of:

1. Dr. Mansour Al-Elayani, Technical Group Leader
2. Dr. Hamid Bayati, Metallurgical Expert
3. Mr. Waleed Alothman, SEM Lab Supervisor
4. Mr. Maher Al-Dajane, Materials Characterization Lab Supervisor
5. Mr. Yousuf Al-Ghadeer, Metallography Lab Supervisor

The main theme of the presentation was to highlight the various technical services, which includes materials failure and corrosion assessment and analysis, and metallurgy, provided to SABIC and its affiliates in Jubail and other locations within Saudi Arabia and overseas. The team also talks to Mechanical Engineering students about career opportunities and requirement for fresh engineering graduates in most companies. The welcome address and vote of thanks were given by Dr. Surajudeen Adewusi, Chairperson of Mechanical Engineering Department. At the end of the presentations, ME students and faculty members had the opportunity to chat with the SABIC team members to exchange ideas and ask questions. The queries of the students were answered satisfactorily by the team of professionals from SABIC. The Mechanical Engineering staff members also stressed on the idea of joint industry-JUC interaction in the form of collaboration on projects.
