

Meeting with ASME Student Club Members, Semester 362

On May 03, 2016, ME Department, JUC organized a meeting with ASME Student Club members in room 336 of Mechanical Engineering Building (G). The purpose was to review the activities and achievements of club members for the 2014-2015 academic year. The ASME Student Club at JUC currently has 21 student members, who are registered with ASME. The event was part of the ongoing efforts of ME Department to achieve its strategic goal of improving students' academic and campus life, and foster better ME students-staff interaction outside the lecture rooms. Furthermore, ASME Student Club was established to provide ME students with the opportunity to engage in extra-curricular activities to improve their leadership and inter-personal skills, and to be conversant with new trends and emerging technologies in Mechanical Engineering.

ME Department acknowledged the contributions of six of the ASME Student Club members, who served as the Chair (Muhammad Al-Bazzaz), Vice-Chair (Ayman Al-Otaibi), Secretary (Ahmad Al-Jaroudi) and Group Leaders (Mesfer Al Qahtani, Ibrahim Al-Shamimi and Abdulaziz Al-Hawsa) and awarded "Certificate of Appreciation" to the executive members.
